

Compiled by The Metropolitan Museum of Art Archives

The following list is a record of all special exhibitions held at The Metropolitan Museum of Art since its founding in 1870. Shows listed here include special exhibitions drawn exclusively from the Museum's own collections, shows of objects loaned by other institutions or collectors, and combinations of both. Gallery rotations or new installations of permanent holdings are not included. This list includes only exhibitions at the main Museum building and The Cloisters, and does not record information on Metropolitan-sponsored shows held at other national or international venues.

The public opening and closing dates for each exhibition have been listed when it has been possible to determine them from available archival sources. These dates may not always correspond with the dates printed in catalogues due to delayed openings, extended runs of shows, cancellations or other changes after catalogues were printed. The list is sorted chronologically by opening date and each exhibition appears only once, even if its run extended over more than one calendar year.

Please note that this is a working document. For complete accuracy, information should be verified against primary source documents in the Museum Archives or Museum publications in the Watson Library. We welcome suggestions, corrections or information regarding any Museum exhibitions that may not appear here. Please direct your comments to archives@metmuseum.org. For additional information regarding The Metropolitan Museum of Art Archives please visit our web page at http://libmma.org/portal/museum-archives/

The Metropolitan Museum of Art gratefully acknowledges those individuals and organizations that have supported our special exhibitions.
